

The Permian Basin

PUMP JACK

February 2002

Dear Members,

I would like to put together a better newsletter (like we used to have). However with my new business I am experiencing more time away from the office. If I am going to continue this publication, it is going to require your help. Mostly I need information to put in the newsletter, and I need it well in advance. If that is not possible, next month I will probably convert to a "reminder Postcard" to remind you of the meeting.

If anybody has any suggestions please let me know. Also if anybody is interested in taking over the newsletter please let me know.

Steve
